Dear Jodi,

We are very pleased we listened to our tax professional's recommendation to have CSSI, perform a Cost Segregation study on our building. Any business owner that owns their building, can appreciate enjoying a tax benefit. It simply makes sense to take advantage of using our money now for, great cashflow.

We appreciate you walking us thru the steps in an efficient, easy manner to get the finished study. I would highly recommend any small or large business owner to take advantage of your services. The bonus was you found us even more \$\$ than anticipated.

Warm Regards,
Tim Schmidt
